Re: Inventor: Robert Louis Giuliani
Application no. 10/643274
File date: 08/18/2003
Title: Interchangeable 2-stroke or 4-stroke High Torque Power Engine
CIP of application no. 10/252,927 file date 09/24/2002
Art Unit: 3747

INTRODUCTORY COMMENTS

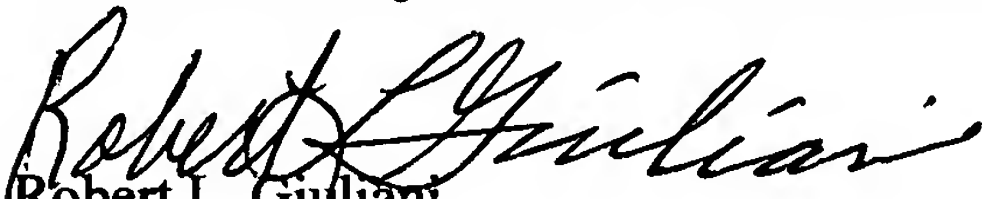

Enclosed is a "clean" substitute specification of the above application no. 10/643274 with the combined results of the 5 amendments but without the claims.

This substitute specification has 2 replacement drawings and references to them which are taken from the amendments. FIG 4 has been changed on the sheet that also includes FIG 5. This sheet is included in my 4th amendment dated 30 MAR 2004.

FIG 12 has been changed on the sheet that includes FIGs 9-13. This sheet is included in my 5th and last amendment dated 5 APR 2004.

Amendment 5 adds more mathematics to make them more comprehensive. Amendment 5 deleted all the several examples and replaced them with a single example. The additional math made the several examples superfluous.

This substitute specification contains no new matter.

Robert L. Giuliani
Inventor/Applicant

Enclosures:

- Substitute specification with 2 drawing sheets. No claims.
- Original specification with 7 drawing sheets (13 drawings). No claims.
- Copies of 5 amendments to the original specification.
